

PAN PACIFIC
LONDON

Families Come First

Devised through the eyes of a child to instill joy as well as spark curiosity and wonder, we have created a unique experience for all the family. Welcome to the Singa Cub Club – an exciting new offering designed to keep children engaged, happy, and entertained when staying at Pan Pacific London.

Cub Club Concierge

The Cub Club Check-in Experience and Little Explorers Adventure Pack

All VIYPs (very important young persons) arriving at Pan Pacific London are personally greeted at their very own dedicated Cub Club Check-in, where they are invited to make their stay their own.

To encourage VIYPs to explore the hotel and feel at home, each are then presented with a Little Explorers Adventure Pack, complete with a treasure hunt leading to a fabulous surprise and delights and an activity booklet with games, colouring-in and 'spot the difference' options.

Personalised turn-down service is available where they may choose their pre-bedtime treat and 'good night drink'.

Skyscrapers to Sky Garden, Museums to Markets and Fortress' to Farms

Our Cub-Club Concierge is on hand to devise bespoke itineraries that appeal to the whole family, within easy reach of the hotel.

Spirits soar to new heights as children locate some of the capital's most famous buildings. Explore The Tower of London, climb to Europe's highest viewing gallery Horizon 22, or take in the 360° degrees views at Sky Garden, London's highest public garden. Behind the iconic skyscrapers are museums, markets, and delicious street food whilst Spitalfields Urban Farm offers a variety of mindful activities, from donkey grooming and goat walking to farm-to-fork cookery classes.

Splash and Relax

A first in the UK, little ones can dip their toes into the world of wellness and be pampered with unisex facials and massages using natural and hypoallergenic skincare products. Thanks to our partnership with luxury brand Bonpoint, facial treatments combined with a wonderful fairy tale open up the world of care through the eyes of your child.

For a more active bonding experience, our *SENSORY* wellbeing floor offers generous daily children's splash and swim hours in the spectacular 18.5m infinity pool, and our cutting-edge gym allows the whole family to test their sporting prowess, agility and fitness through the interactive state-of-the-art TecnoBody® D-Wall.

Delicious Dining

Our children's menus have been carefully curated with tiny tastebuds in mind and feature freshly prepared dishes such as baked macaroni with cheese, grilled ham & cheese sandwich and mini-fillet steak, whilst Little Kopi Tiam Afternoon Tea is crafted for children and features an array of delectable tiny bites, sandwiches and scones, as well as deliciously fresh sweet treats.

Children aged 6 and under eat for free at Straits Kitchen with 50% off for older children up to 12 years.

Double the Fun – Double Double Rooms

After a busy day VIYPs can unwind in the spacious family rooms and 2-bedroom suites. Our Double Double rooms are generous in size - starting from 41 sqm - and are home to two queen-size beds, whilst our Bishopsgate Suite, boasting 104 sqm is a charming 2-bedroom interconnecting suite offering, making bedtime even more fun for the whole family.

There's plenty to do in-room from discovering the hidden surprise and delight gifts to reading from a carefully curated selection of books, watching family movies or playing games on the 55" LCD Chromecast TV.

Before sleep, children can wrap-up in a soft mini bathrobe and snuggle up to Singa the Lion a sustainable cuddly toy sporting customised, handmade clothing that can be taken home as a memento of your stay at Pan Pacific London.
